DR. MARR INDUCTED INTO THE MOLES

Technologies to manage risk for infrastructure

geocomp.com

Dr. Allen Marr, PE, Founder and CEO, was recently inducted into The Moles.

The Moles is the most prestigious heavy construction organization in the world. The limited number of members have been involved in the construction of tunnel, subway, sewer, foundation, marine, sub-aqueous, or other heavy construction projects for almost 80 years.

The induction ceremony was on May 6th, at the annual dinner and meeting in New York City.
