Reply to the Attention of:

Concrete and Materials Branch

Martin C. Molino
Geotesting Express of Georgia, Inc.
2662 Holcomb Bridge, Ste. 310
Alpharetta, GA 30022

Dear Mr. Molino:

In reference to your check no. 2137, dated October 16, 2009, and audit agreement, dated October 22, 2009, an audit based on your AASHTO Accreditation was performed on documents submitted by your laboratory. We examined the AMRL On-site Assessment Report No. 579M, dated December 30, 2008 and the AASHTO accreditation certificate effective October 27, 2009.

Your Quality System meets the requirements of the U.S. Army Corps of Engineers. The material test methods that you are validated to perform for the U.S. Army Corps of Engineers were determined from the inspection reports from AASHTO and are as follows:

Soil Tests: ASTM D421, D422, D698, D1140, D1557, D1883, D2166, D2216, D2435, D2850, D3740, D4318, D4546, D4767, D5084, and E329.

We will add your laboratory to the list of commercial laboratories qualified to conduct material tests for the U.S. Army Corps of Engineers; see the Materials Testing Center homepage at <http://www.wes.army.mil/SL/MTC/mtc.htm>. All Corps offices will be notified of this decision and will have the opportunity to use your services. Geotesting Express of Georgia, Inc., Alpharetta, GA will remain on our list of laboratories qualified to conduct material tests until **October 27, 2011** two (2) years from the date of the audit.

Sincerely,

A handwritten signature in black ink, appearing to read "Alfred B. Crawley", written over a white background.
