Reply to the Attention of:

Concrete and Materials Branch

Marty Molino
GeoTesting Express of Georgia, Inc.
2662 Holcomb Bridge Road, Ste. 310
Alpharetta, GA 30076

Dear Mr. Molino:

In reference to your check no. 6596, dated October 20, 2011, and audit agreement, dated October 27, 2011, an audit based on your AASHTO Accreditation was performed on documents submitted by your laboratory. We examined the AMRL On-site Assessment Report No. 532E, dated June 2, 2011 and the AASHTO accreditation certificate effective November 2, 2011.

Your Quality System meets the requirements of the U.S. Army Corps of Engineers. The material test methods that you are validated to perform for the U.S. Army Corps of Engineers were determined from the inspection reports from AASHTO and are as follows:

Soil Tests: ASTM D421, D422, D698, D1140, D1557, D1883, D2166, D2216, D2435, D2850, D3740, D4318, D4546, D4767, D5084, and E329.

We will add your laboratory to the list of commercial laboratories qualified to conduct material tests for the U.S. Army Corps of Engineers; see the Materials Testing Center homepage at <http://www.wes.army.mil/SL/NTC/home.htm>. All Corps offices will be notified of this decision and will have the opportunity to use your services. GeoTesting Express of Georgia, Inc., Alpharetta, GA will remain on our list of laboratories qualified to conduct material tests until **November 2, 2013** two (2) years from the date of the audit. In the event your AASHTO accreditation is suspended in whole or part, GeoTesting Express of Georgia, Inc., Alpharetta, GA is to notify the Materials Testing Center immediately to perform a re-evaluation of your laboratory's validation. Failure to notify the Materials Testing Center will result in immediate suspension of your U.S. Army Corps of Engineers validation.

Sincerely,

A handwritten signature in black ink, appearing to read "Alfred B. Crawley", written over a horizontal line.

Alfred B. Crawley, PE
